Braves Blank Rams In City Lg. Game

Tight pitching featured the game between the Andover Braves and the Cooper Rams in a City League ball game at the playstead Tuesday night which was won by the Braves 2-0.

Jack McCarthy went the seven inning route for the locals, allowed five hits and struck out 11. Paul Wennik and Don Dunbar, on the mound for the visitors, gave up only three hits between them. A single by Lucey in the first, a steal and two infield outs gave the Braves their first run. Jones singled in the fifth, moved to second on Ronan's sacrifice, reached

third as Lucey was safe at first on an error, and scored on a double steal.

WINDHAM PLAYHOUSE

The Windham Playhouse on Route 111A in Windham, N.H., which has been occupying itself with comedy the past two weeks, will experience a sharp change of mood Monday, July 12 when it delivers a production of Mel Dinelli's taut psychological thriller, "The Man".

Martin Kosleck, well known for his portrayals of villainous characters on television and in films, will be featured with Moyna Mac-

gill, who recently was acclaimed for her performance in "Harvey". The play deals with a lonesome woman and a man whom she has taken into her household as a handyman. A strong attachment arises between the two, but this is soon shattered as the psychopathic character of the man comes out in his unreasonable demands

which soon develop into unquestionable homicidal tendencies.

Industrial Accident Board Considers Local Widow's Claim

The Massachusetts Industrial Accident Board has taken under advisement the claim for death benefit brought by Mrs. Agnes K. Fraser, 8 Washington ave., widow of Stewart N. Fraser, 48, formerly employed at Phillips Academy, who died Oct. 1, 1953. Mrs. Fraser claims her husband's death was caused by his employment. Considerable testimony was taken by the board at a hearing in Lawrence last week.

Dr. Joseph T. McNally of Lawrence testified he was called to Phillips Academy last Oct. 1 and found Mr. Fraser lying on a table and complaining of a pain in his chest. The physician ordered him removed to Lawrence General hospital where he died a short time later.

Dr. McNally testified that death was due to coronary thrombosis. He testified that in his opinion the man's death was not directly related to the type of work he did. He testified he learned Mr. Fraser's work was to hand out athletic equipment.

John Bronk, athletic trainer at Phillips Academy for the past ten years, testified that at 2:30 p.m. on the day of Mr. Fraser's death he had complained of a pain in his chest, was taken to a room and a doctor was called.

Mr. Bronk testified Mr. Fraser's job was to give out all types of athletic equipment. He said the equipment included game equipment and track equipment.

On cross examination Mr. Bronk said about 250 boys were out for football at the academy, 200 were out for soccer and about 50 for cross country. He testified that Mr. Fraser at times climbed a ladder to obtain equipment which was placed on shelves.

Dr. Norman Welch of Boston testified that in his opinion exertion and the type of work Mr. Fraser did were participating causes of his death.

Mrs. Fraser stated that in connection with her husband's work he made up bundles of laundry and handed them out to students.

Dr. John Rattigan of Boston testified that from the facts given him he doubted that the death of Mr. Fraser was causally related to his employment. He said he had not been given evidence of any unusual strain in connection with Mr. Fraser's work.

Medical Examiner John T. Batal testified he viewed the body of Mr. Fraser and filed a death certificate with the City of Lawrence. The doctor testified that on the certificate he had stated the death of Mr. Fraser was not related to his work. He testified that from his investigation Mr. Fraser was doing his usual routine work and he felt that his occupation played no part in his death.

Stewart A. Fraser, Air Force sergeant, testified he had seen his father in the equipment room at Phillips academy about a week before his death. He said he saw his father about 12:30 p.m. and stayed

with him until about 1:45 p.m. During that time, he testified, the students arrived for equipment. He said his father jumped up and down a ladder about 25 times, took equipment down from shelves and moved very rapidly while doing his work. He testified that over 200 students came for equipment while he was with his father that day.

Sergt. Fraser testified that on the particular night he mentioned his father said he didn't know how long he could continue on the job his feet were so painful.

Atty. Fredric S. O'Brien appeared for Mrs. Fraser and Atty. Edward Uehlein of Boston represented the Liberty Mutual Insurance Company, insurer for Phillips academy.

Local Boy Enjoys Big Day In Boston

Stephen Hughes, son of Mrs. Dorothy Hughes, 162 N. Main st., had an eventful day for himself last week when he pedaled his way to Boston on his bicycle, witnessed a television show, was interviewed by one of the officials and then saw a disc jockey show at a radio station.

The trip to Boston took two and a half hours. His first visit was to WNAC television station where he was interviewed and shown about the studio by an official. During this visit he also had occasion to push a few of the buttons in the

control room while a program was in progress.

He then went to radio station

WORL and watched a live disc jockey show which he enjoyed very much.

Training Better Americans

The summer camp season is now in full swing. The season, generally speaking, encompasses the months of July and August in New England. Last week thousands of children left their homes to travel to camps on the lakes, mountains and coastline beaches from the tip of Cape Cod to the wilderness stretches of northern Maine.

The boys and girls utilize all modes of travel in going to camp. Many are taken in the family car while others travel alone or in groups on trains, buses and by air. Trunks and duffle bags by the thousands were shipped ahead and carted off to the various camps to be ready for the arrival of the owners.

This week camp life is swinging into the planned routine. Many of the younger children, experiencing their first year at camp, are homesick, but through the attention and kindness of their fellow campers, the chances are a hundred to one that they will get over this early lonesomeness and will remain to enjoy the thrills of the summer ahead.

Camp life is good for boys and girls. They are kept active and healthy under proper supervision and with expert instruction in swimming, boating, sports and outdoor lore. They become self confident, and gain a proper realization of their social responsibilities.

Those who have been going to summer camp since they were little ones may advance through the various classes and become junior counsellors and eventually to senior counsellors. They have strong bonds of friendship among others with whom they have spent several summers.

For the boys especially, thousands of whom will face military service, their experience at summer camp will be invaluable. The regimentation of service life, of living and working in unison with others, will come much more easily.

From now until near Labor Day, the happy laughter and banter of the youngsters will echo from ocean shores and lakeside clearings as bodies and minds are strengthened for the tasks of life ahead. Their faces will be missed from the family circle, but they will be welcomed home at summers end as bigger and better Americans.

The Taft-Hartley Law will remain as is, for this year at least. The vote in congress recently kept the law from being altered. . . . Despite the cries against it. . . when the chips are down it seems to be acting very much to the advantage of the laboring man. — Wakefield Daily Item.

RECEDING HAIRLINES By Science Features

There's no use losing any sleep worrying about losing your hair—for so far there is nothing that can be done about getting bald. Whether or not people lose their hair is determined primarily by their genes and not by their own effort.

The most frequent type of baldness is inherited from parents and — like almost everything else — is influenced by sex; men are much more affected than women. Baldness may also develop from inadequate care of the scalp or as a result of serious infections such as pneumonia or influenza. Frequently, in these cases, the hair returns when health becomes normal.

Gray hairs are not symptomatic of baldness but merely lack the special pigment for hair coloration. Most men lose about 50 hairs a day, but, as the typical head contains 100,000 strands, it does not make much difference — if the healthy scalp produces replacements.

The first chemical clue to the cause of baldness was recently discovered at the University of Pennsylvania Medical School. Scientists found that sebum, an oily substance secreted by the scalp, contains hair-killing compounds. It was previously regarded as an agent that only lubricated the scalp. The body's sex hormones are said to regulate the amount and quality of sebum produced.

Experiments are under way to determine what substances explain why hair grows in most cases and what can be done to prevent thinning in others. A prescription for preventing baldness may be a long way off but medical researchers feel that progress is being made.

Down the Years with The Townsman

50 Years Ago — July 1904

The annual picnic of the South church Sunday school will be held Saturday at Haggett's pond.

Four young men of Ballardvale appeared before Judge Poore Tuesday in answer to charges of discharging firecrackers before 12 o'clock Sunday night. Three of them were fined \$3 apiece. The fourth was discharged.

A telephone has been installed in McLawlin's hardware store.

The Misses Nellie and Laura Petrie left yesterday for a visit to their home at Sydney, Cape Breton.

Mr. and Mrs. Henry W. Barnard are spending a week at the Isle of Shoals.

Mr. and Mrs. Joseph W. Smith and family have taken up their summer residence at Biddeford Pool, Me.

Lightning struck and damaged a beautiful shade tree in front of Principal Stearns' house on Chapel ave., Saturday afternoon. It also struck a dormitory at P.A. known as Commons 2, a building over 75 years old causing a fire which gained considerable headway before being extinguished.

Alex Ritchie with another member of the Lawrence Canoe club won the double single-paddle race in the regatta on the Merrimack river Monday. Owing to the drowning accident the other races were cancelled until Saturday.

Two young girls and a call fireman lost their lives in the Merrimack river at Lawrence on The Fourth. The two girls, Molly Kane, 16, and Evelyn Bliss, 14, took a canoe and went out into the river. In the high wind they were unable to manage the frail craft which was swept over the dam into the whirlpool below. Recent rains made the water very high for this time of the year. It was while endeavoring to reach the body of one of the girls below the falls that Seymour L. Leighton, the third victim, met his death. The tragedy was witnessed by thousands who had gathered to see the regatta. Alex Ritchie, William Ward and Patrolman William Caffery, who were in canoes, saw the plight of the girls and raced to aid them. They were close to the victims when their craft went over the dam.

Japan has sent an ultimatum to Gen. Kuropatkin of the Russian army to surrender or be annihilated.

Helen Keller, the blind girl, received her A.B. degree from Radcliffe college recently.

Independence day was exceedingly quiet here, the staid old town sleeping through the trials of other towns without a scratch.

25 Years Ago — July 1929

Ballardvale celebrated The Fourth with the most elaborate program ever staged there.

Harold Eastwood and Herbert Nightingale of the post office are enjoying their annual vacations.

At Pomp's a class of 79 beginners are enrolled for swimming. Another class of 17 passed the Red Cross beginners' test.

The American League Juniors

opened their season with a 12-4 win over the Shawsheen Boys' club.

Five dollars in cash, some cigars and cigarettes, and a few golf balls was the haul made Sunday evening by a thief at the home of Winfield B. Knowlton of Salem st.

10 Years Ago — July 1944

Every effort is being made by local organizations and candidates to get out a heavy vote next Tuesday for the state primaries.

Andover playgrounds opened this week with excellent registration.

Miss Margaret Davis, director of the Andover Guild for the past 17 years has tendered her resignation to the board of trustees.

The Very Rev. Thomas B. Austin of St. Augustine's church will exchange parishes with the Very Rev. Thomas P. Fogarty of Our Lady of Good Council parish church in Los Angeles.

Because of the inclement weather of The Fourth the Andover Servicemen's carnival will be continued two more nights.

Fire Damages Vacant House

Fire said to have started from spontaneous ignition caused damage estimated at \$500 to a one and one-half story house on Lowell street, West Andover, owned by Henry Drolet, 86 Federal st., Salem, shortly before noon last Thursday. The owner was repairing the unoccupied dwelling located near Haggett's pond preparatory to its occupancy by Mr. and Mrs. Leslie G. Hunt, 7 Chapman ave., who planned to move there the following day.

When Drolet arrived about 11 a.m. he opened the front door and was met with a blast of flame and smoke. He drove his car to a nearby store to summon the fire department and after giving the alarm became ill. He was given first aid treatment by Police Officer Robert Deyerdmond and after resting in the police cruiser for a time recovered from the excitement.

Fire Chief C. Edward Buchanan said the fire was confined to a combination living and dining room. The walls and furniture of the dwelling were damaged. Drolet occupied the home for 15 years up to a year ago when he moved to Salem. He had been repairing the roof of the building and painting the exterior before the fire. An alarm from box 71 was sounded at 11:20 a.m.

LAMB - SHULZE

At a 4 o'clock ceremony Saturday in Christ church, Miss Nancy Louise Shulze, daughter of Mr. and Mrs. Carleton E. Shulze, 1 Carisbrook st., became the bride of Elliott S. Lamb, son of Mr. and Mrs. Claude M. Lamb, 21 Foster circle. The Rev. John S. Moses officiated before an altar arranged with white flowers.

Escorted by her father, the bride wore a gown of embroidered organdy the bodice of which featured an embroidered organdy portrait neckline and the bouffant skirt had two embroidered organdy panels, the back one ending in a short train. Her triple tiered veil of French illusion fell from a Juliette cap of embroidered organdy and she carried a double crescent cascade of white gardenias with ivy streamers.

The bridal attendants were Miss Barbara R. Shulze of West Haven, Conn., as maid of honor, and Miss Joan Barnard and Miss Rosemary O'Connor, both of Andover, as bridesmaids. They were gownned alike in cocktail length blue crystal. Their headbands were of blue ribbon with nosegays of delphinium and marguerites holding them in place. All carried natural wood baskets of marguerites, delphinium and carnations, the maid of honor's predominating in yellow and the bridesmaids' in pink.
